# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

Established in 1977, JET PRESS is a leading supplier of fasteners, industrial components and bespoke solutions. We work closely with our customers to build long-term relationships and deliver value to their projects.

## ALWAYS THE RIGHT PART FOR YOU

With over 20,000 standard line items in stock, we can often supply what you need the next day. If we don't stock what you need, we can source it from our global network of suppliers.

If we can't source the right solution, we will work with you to design, prototype and manufacture exactly what is required for your application.

## ENGINEERING SOLUTIONS SINCE 1977

JET PRESS is a proven supplier of engineered component solutions to customers across the world. We provide everything from single component solutions to multi-component sub-assemblies, sometimes using multiple materials.

# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

Through our global supply chain, in-house engineering and development expertise, we help lower the risk, cost and complexity of our customers' supply chains.

## ACCURIDE DRAWER SLIDES

Our team of experts with years of proven knowledge and experience can help you make the right choice for your application.

When space is tight or to utilise storage space Accuride Drawer Slides are an ingenious solution.

**JET PRESS** has worked with Accuride since 2001. Accuride is one of the world's leading suppliers of high-quality drawer slides and linear guides.

## THE MAIN FEATURES AT A GLANCE

- Stocked ranges available
- Load ratings up to 600kg
- Choice of extensions - 75% partial, 100% full and 100%+ over-travel
- Multiple features to suit all your applications: Lock-in and lock-out, hold-in, self-close, touch release, lever disconnect, electronic locking
- Stainless Steel, Mild, Steel and Aluminium available

## Applications:-

- Fire engines
- Ambulances
- Caravans
- Recovery vehicles
- Rescue vehicles
- Motorhomes
- Food trucks
- Mobility adapted

**7957 Load rating up to 160kg**

**5321 Load rating up to 160kg**

**9301 Load rating up to 272kg**

# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

We are committed to consistently providing our customers with a high level of service and finding the solution that our customers are looking for.

## GAS STRUT SOLUTIONS

Gas Struts are ideal for a wide range of applications where motion control is needed.

- Eliminates the need for separate safety rods in critical lift-assist operations
- Position control
- Safe and easy to use
- Self-contained unit
- Maintenance free

## STANDARD STAINLESS STEEL

Manufactured using 316L stainless steel, this range offers increased corrosion resistance in industrial, marine and coastal environments.

## RANGES AVAILABLE

- Standard Vari-lift
- Econoloc
- Stop and Stay
- Dampers
- Blocklift
- Cam-Stay
- End Fittings
- Mounting Brackets

# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

We don't just supply Engineered Fasteners, Components and Hardware. We deliver value to our customers and suppliers by building mutually beneficial relationships.

## OUR PRODUCT SELECTION

Our broad selection of fasteners is meticulously designed to cater to the diverse needs of vehicle conversions, ensuring a seamless integration with varied vehicle designs.

When it comes to vehicle conversions, JET PRESS is not just a supplier; we are your partner, ensuring every fastener bolsters the efficiency and aesthetics of your project. Choose JET PRESS, where quality and service drive excellence.

Our extensive inventory ensures you find exactly what you need. Whether you're working on a compact campervan conversion or a large vehicle modification, we've got you covered.

## HARDWARE

Our products are used in a wide range of applications across many industries and include:

- Hinges
- Rubber Profiles
- Lobe Knobs
- Quarter Turn Latches
- LED Lighting
- Spot Lights

This is just a small sample of our capabilities, please contact us with your enquiry and we will find the right component to meet your needs.

# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

Through our global supply chain, in-house engineering and development expertise, we help lower the risk, cost and complexity of our customers' supply chains.

## QUALITY ASSURED

We meet a wide range of quality standards for industry and will support you with all the documentation you require to demonstrate quality compliance.

- ISO9001:2015
- ISO14001:2015
- ISO45001:2018
- Production Part Approval Process (PPAP)
- Initial Sample Inspection Reports (ISIR)
- Failure Mode and Effect Analysis (FMEA)
- International Automotive Task Force (IATF) - in progress

## CUSTOMER SERVICE

Our team is made up of friendly, helpful experts. They are all keen to find the right part for you and deliver it when and where you need it from our distribution centres in the UK and the EU. Your dedicated Account Manager will work closely with you to ensure you receive the highest levels of service.

## SUSTAINABILITY

In fighting climate change, many energy companies want to brand their output as Green Energy and the right choice of fastener contributes to the overall sustainability of their offer. The Circular Economy is one crucial way we can help to save the planet. This is all about reusing parts or recycling fasteners to make new components. We can provide details of the recycled content in most fasteners and advise on end-of-life recycling.

# COMPONENT SOLUTIONS FOR VEHICLE CONVERTERS

We have 40 years' experience in designing and manufacturing metal, plastic and mixed material parts. Our Engineering Design team works closely with you to find the right design for your application.

## SMARTER WAYS TO WORK WITH US

Our business team will identify ways of working with you that will improve your production process and your business.

We can work with you to provide fasteners, components and sub-assemblies optimised for robots and Smart Manufacturing.

- Kitting - all the elements you need for an assembly
- Reduce stock holding
- Spread costs
- Sub-assemblies
- Reduce production and installation time
- Shorten supply chain
- Avoid multiple supplier management costs
- Special packaging

## OUR BRANDS

We work with some of the leading brands in the Automotive sector. We are appointed by these brands as an official distributor. In many cases we have access to the research and development teams who work for these brands. We can use these resources to help you overcome complex challenges.

## CONTACT US

Success over the last 40 years has been delivered by the people at the heart of our business. The relationships they've established and nurtured is why we exist and why we're different. We're in it for the long-term, as a partner in the success stories of our customers and suppliers alike. Our business, any business is people.

Please contact us, our experienced team of engineers is here to support application specific enquiries.
